TIMETABLE

LOADING

8:00 - 11:00 / 2:00 pm - 4:00 pm

UNLOADING

8:00 - 1:00 pm

It is **SIDERPIGHI's** right not to accept truck loading/unloading out of schedule.
It is preferred to notify the truck arrival $\frac{1}{2}$ days earlier.
Slings used for pipe lifting may be needed if deemed necessary by **SIDERPIGHI**.
The slings are priced as follows:

- **Short purple-coloured slings 1,50 € (65cm long)**
- **Medium-length green slings 2,50 € (100cm long)**
- **Long yellow-coloured slings 5,00 € (150 cm long)**

SIDERPIGHI reminds you that slings are disposable and cannot be returned or reused by the customer for future loads.

Unloading is allowed only by previous schedule registration. We remind you that each supplier is allowed to unload only 1 truck per day unless being told otherwise by the company.

We remind you that the trucks must be loaded adequately for overhead travelling cranes using dividing wooden boards between the pipe layers tied with suitable strings (no iron wire).

The pipes must be loaded following the current safety norms
